

29th October 2021 – **Hubbcat and Digicel Business** Score Hole in One at the **Butterfield Bermuda Championship** organised and run by **Bruno Event Team**.

Hamilton Bermuda.

Hubbcat and **Digicel Business Bermuda** have teamed up to provide the next generation communications technology for this week's PGA TOUR event, the **Butterfield Bermuda Championship at Port Royal Golf Course**. This partnership enables **Digicel Business** to offer a complete unified communication solution to the event operations team. Operations along with volunteers now have crystal clear audio communication anywhere on the course using **Digicel's** LTE network and **Hubbcat's** range of Push to Talk over IP solution.

Speaking at the launch of the event **Kevin Beckett, Digicel Business Solutions Director, Digicel Bermuda** said – “We are delighted to partner with **Hubbcat** for this event, the **Butterfield Bermuda Championship** is a flagship event in the Bermuda calendar, and we are proud to showcase the very latest and greatest in technology to enable the smooth running of the operation over the course of the week”

Hubbcat CEO Alan Bates was on site to oversee the deployment – “We are really thrilled to be a part of this super event. It's massively important for Bermuda in the context of encouraging golf visitors from overseas and indeed, overall tourism in general in Bermuda. We are proud to be able to support **Digicel Business** team in Bermuda this week”

Danielle Baiunco Operations Director, at the **Butterfield Bermuda Championship** said - “We are really impressed by the new improvements in our communications this year, the teams are really making the most of the enhanced communications options available to them **including Emergency Alerts, location services and messaging capability**. From our perspective, this is critical in running a successful event and we thank **Digicel Business** and **Hubbcat** for making this happen

Hubbcat is a provider of business-critical communication solutions to businesses worldwide. www.hubbcat.com.
