

CURTIS THOMPSON (-10)

Q. Assess your round today.

CURTIS THOMPSON: I had a great round. I had really a lot of consistency going on there early. Irons off the tee was what let me down all day, I missed a bunch of fairways with 2- and 3-irons, which is what led to the double. And then a little bit of a mis-club, maybe a little bit of an iffy shot there on 16 were my only low points of the day. But I made a bunch of birdies. Hopefully tomorrow, doesn't look like it with the weather, but hopefully same thing, seven birdies and whatever it leads to.

Q. Was it kind of a relief this week to make your first cut out here on the PGA TOUR, and what have you kind of learned those first three weeks out that's kind of helped you this week?

CURTIS THOMPSON: Yeah, it's different. You can't hit the ball in the rough as much and the ball just doesn't stop out here. This week we've got a soft golf course so maybe that's what's helping me out, but worse the conditions, the better I've done in my track record. Won there in Chicago and it was raining for three straight days, so when I saw the weather, I was super pumped. Just come out here, get your ball around the hole or around the golf course and whatever it gives you, it gives you.

Q. What's your mindset heading into tomorrow?

CURTIS THOMPSON: We're going to get bad weather and we're going to have to deal with it. People will be complaining on the range, you know, like shouldn't be playing in this, this is nonsense. You know what, it's up to the officials to see if we play or not. You go out there and grind it out your best. Everybody's got to play in it.
