

ROUND 4 INTERVIEW
October 31, 2021

TAYLOR PENDRITH (-12)

Q. Describe how that day went for you.

TAYLOR PENDRITH: Not great. I didn't really get off to a good start, was just kind of hanging around, didn't really have a good day on the greens, leaving most putts short.

Yeah, hanging around until the end and unfortunate 17th hole, but to have a chance on the last couple holes was (inaudible).

Q. Did you think about changing your strategy from the rest of the week and taking less than driver on that hole?

TAYLOR PENDRITH: I thought about it briefly, but driver's probably my No. 1 strength and I had been driving it really well up until today. Hit a couple left balls with the driver today, but at that point I was 1 back and if I hit a good drive I would have had 5-, 6-iron in and good look at birdie. Yeah, it was probably the worst swing of the week, the year maybe, but I wouldn't change it.

Q. When you look back on this in a day or two, what are you going to take away from this week?

TAYLOR PENDRITH: Yeah, lots of positives. Obviously it's my best finish out here. It was a tough Sunday, which I guess I'll learn a lot from that, but to have a good week was great. I really hadn't played much golf in the last two weeks, I think maybe twice, and I didn't see the golf course until Thursday, so pretty pleased overall.

Q. What do you make of your resilience? Obviously you said you got off to a slow start on the front nine, but you kept yourself right in it. What do you take from that?

TAYLOR PENDRITH: Yeah, it was a brutal day out there, it was super tough. Danny and Luke were playing pretty nice and made a couple birdies early. I was just kind of cruising, making pars and I didn't really get anything going. But, like I said, I hung around, I was right there on 17 tee. So it's a new experience for me, pretty cool. It was a fun day. Wish I played a little bit better, but lots of positives.
