FOR IMMEDIATE RELEASE

**Butterfield Bermuda Championship Digital Ticketing by Digicel Business**  
*Digital ticketing for the 2022 tournament*

**SOUTHAMPTON, BERMUDA** (October 26, 2022) – Tomorrow, the gates will open to the 2022 Butterfield Bermuda Championship. The extensive build and installation process is complete, and the stage is set to welcome spectators at Port Royal Golf Course October 27-30 for four days of enthralling competition.

Both general admission and hospitality spectators will use digital tickets to enter Championship this year. The transition to digital ticketing has been made possible by founding partner Digicel Business. Digicel plays a crucial role in the tournament's ICT and telecoms infrastructure, providing and installing all Data and Voice Services allowing the Championship to function successfully. Twelve Wi-Fi locations have been installed throughout the 18-hole golf course for spectators, players and tournament personnel to be online throughout the event. In addition to providing the technical capability to the tournament to implement digital ticketing, Digicel will also offer a team of trained ground staff to oversee the admission process on all four days of the tournament.

Digital ticketing was encouraged to align visions with the tournament's official sustainability partner, Aspen Bermuda Limited. Reducing paper waste caused by printed tickets was a key focus within the Championships sustainability aims for 2022. Digicel has, in this way, played a vital role in enabling the Butterfield Bermuda Championship to continue moving ever closer in its aims to become a 'green event'.
