

ROUND 2 QUICK QUOTES
October 23, 2026

GREYSON SIGG (-11)

Q. Greyson Sigg with a 7-under 64 today to be 11 under. Haven't played a lot of golf so that must be a very satisfying round for you. Can you describe that?

GREYSON SIGG: Yeah. I think I've come into this week with a little of the no expectations at all. Kind of started back playing a month, month and a half ago and just kind of slowly hitting some balls. Probably played five or six times at home in that little span.

Like I said, I have no idea really where my game is. Obviously it's been pretty good the last two days. Yeah, just really, you know, this week a goal of mine was just to see how my body would hold up for four rounds now and so far, so good. So I feel like I'm in a pretty good spot.

Q. So the reason for not playing much is I believe you had wrist surgery?

GREYSON SIGG: Yeah, I had wrist surgery back in May.

Q. Can you talk us through that, what wrist was it, what was --

GREYSON SIGG: Yeah, it was my left wrist. I was kind of dealing with some pain start of this year and it kind of got progressively worse and worse and finally hit a shot at Zurich and it ripped the ligament basically. I know that sounds bad, but kind of pulled the ligament off the bone. So I ended up having a torn ligament so it needed to be repaired.

Had surgery back in middle of May and then kind of sat at home up until now. So it's been an interesting year to say the least, but back now.

Q. And when the commitments came out, you were the first alternate, you weren't in the field, but I believe you got in late Friday night. What was that like? How did the planning go to get here?

GREYSON SIGG: Yeah, it was kind of, you know, I looked last week and I think I was like nine out of the event. So it was kind of like I knew I was ready to come try and play, but I ended up getting in, yeah, late Friday night. So I kind of scrambled. I was like, you know, what, I'm kind of excited to go play, I had some good rounds at home so I was like might as well go give it a try and see where we're at.

Q. Do you feel like sometimes when you have no expectations like that you can do some incredible things because it frees you up?

GREYSON SIGG: 100 percent. I feel like I've been freed all week. I don't really know why, but I feel like in years past, you know, I can look back to last year when I didn't have a great year and I feel like I just put way too much pressure on myself and the stress just kind of built up throughout the year. Maybe didn't really enjoy playing as much as I feel like I needed to and as much as I am right now. Like I'm excited to be back out to playing golf and practicing, and hoping to continue to have some good play.

Q. Maybe that's the secret because you did something today that you may not even be aware of that's historic in this tournament. You hit 18 greens --

GREYSON SIGG: OK.

Q. -- out of 18 greens --

GREYSON SIGG: There you go.

Q. -- and that's never been done by any player in this tournament till today.

GREYSON SIGG: Yeah.

Q. What's that feel like to achieve something --

GREYSON SIGG: Well, I do feel like I did hit it pretty good, my approach play was pretty good. Kind of feel like I left a few out there. Yeah, that's a cool stat. This place is notoriously known for some wind, so I think that's a pretty good feat to have.

Q. You've had some pretty decent success at this --

GREYSON SIGG: Yeah, yeah. I feel like I'm a pretty decent wind player. I'm actually kind of looking forward to some windy conditions the next two days. Yeah, I've had some success here and I like coming here, it's a cool island. I always kind of look forward to this one on the calendar.

Q. Can you share some early week activities? I believe you played somewhere else earlier in the week?

GREYSON SIGG: Yeah. Henrik Norlander and I went over to Mid Ocean to play. I'd never played it, but I heard about, you know, from multiple players going over and playing, whether they missed the cut or on Wednesdays in years past. And yeah, it was cool, I was glad to get to go over there. It's a pretty awesome place.

Q. Any score updates?

GREYSON SIGG: Yeah, I did, I shot the course record since you bring that up. I wasn't going to tell you, but you're asking. Yeah, so I shot 62 on Wednesday. I mean, Henrik and I

were laughing, maybe we peaked early this week but who knows.

Q. What was the highlight for you today?

GREYSON SIGG: Probably birdie on 16, hardest hole on the golf course. Hit a great shot in there to about six, seven feet and I was able to make the putt. But I had a lot of really good looks kind of throughout the day. I can probably go back and kick myself for not making a few putts here or there, but at the same time I also made my fair share as well.

Q. That's the signature hole on the golf course, 16. Is it intimidating when you get down to that tee on the back there? Just talk us through that a little bit.

GREYSON SIGG: Yeah, it's hard to be intimidating when you're walking off 15 green and you're just staring into the clear blue ocean right there. It's a pretty nice hole, but yeah, it's hard. Yesterday I think I hit a good 5-iron in there and the green's pretty skinny, it goes back a good ways, but you've got to hit a pretty good iron shot in there to have a chance at par.

Q. How will you spend the evening and what are your expectation levels like?

GREYSON SIGG: Yeah, I'm just going to keep it the same. Whatever happens, happens. I've obviously played some good golf to this point. We've got some weather coming in this weekend, so we'll see what happens. Trying to keep a good attitude, which is what I feel like I've done a really good job with the last two days. Just try to enjoy myself, and golf's really not that important in my life.
